Foreword

IMPORTANT

WE have pleasure in issuing a new illustrated list, in which many new tools will be found.

An important feature is the illustrating of the use of various tools by experts.

The adoption of Code Numbers will be found to be a great convenience, avoiding the necessity of a long description. Code numbers are given to each distinct pattern, but it is important also to give the necessary particulars where shape, length or substance vary in the one pattern.

The price list is published separately as changes in price necessitate the issue of a new edition

THE BENCHMAN'S RASP. For preparing the bottoms instead of stripping.

FILES.

Code No.

1200

FLAT FILE, bastard cut.

1210

HAND FILE, bastard cut.

1220

HALF-ROUND FILE, bastard cut.

1230

TIP FILE. One side rough double cut, other side smooth single cut.

1240

WAIST FILE.

1250

THREE-SQUARE TAPER SAW FILE.

1260

BLOCK PLANE RASP.

KIT FILES.

Code No. 1400.

SHOE KNIVES.

THESE illustrations show **only** the various shapes of blades. All knives on page 6 can be supplied with these shapes. Shapes "C," "S," "B" and "P" apply to all knives on page 7, but "C," "S" and "B" only apply to the first five patterns on page 8. The letter given at the side of the following designs if placed **after** the pattern number is sufficient to obtain the proper pattern, thus **401.C**.

CLIP.

"C"
Pattern
Blade.

BEVEL.

"S"
Pattern
Blade.

BROAD.

"B"
Pattern
Blade.

HEEL PARER.

"P"
Pattern
Blade.

HOLLOW BACK.

"H"
Pattern
Blade.

HOLLOW EDGE.

"E"
Pattern
